

# User Awareness Programme on **ORCID, IRINS and INFLIBNET Services** for Scholarly Communities

Information and Library Network (INFLIBNET) Centre  
Gandhinagar, Gujarat

In Collaboration With

The LNM Institute of Information Technology, Jaipur

February 21, 2026

National Workshop Sponsored by

## About INFLIBNET

The Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre (IUC) of the University Grants Commission (UGC) located in the Infocity, Gandhinagar. Major activities and services of the Centre are geared towards modernization of academic libraries and information centres, promotion of information transfer and access, and support for scholarship, learning, and academic pursuits. The Centre acts as a nodal agency for networking of libraries and information centres in universities, institutions of higher learning, and R & D institutions in India. The Centre was established as an independent autonomous Inter-University Centre of the UGC in May 1996 and set out to be a major player for promoting scholarly communication among academicians and researchers across the country. With technology being a driving force in the contemporary education system, the INFLIBNET Centre has taken up a number of initiatives for the benefit of the academic community in India.

## About The LNM Institute of Information Technology

The LNM Institute of Information Technology (LNMIIT) established in 2002, as an institution of higher learning jointly by the State Government of Rajasthan (India) and the Lakshmi & Usha Mittal Foundation of the well-known steel magnate and industrialist Padma Vibhushan Mr. Lakshmi N. Mittal, the LNMIIT Jaipur started operating from the academic session 2003-04, became an institution that is deemed to be a university (by the UCC) in 2006. It has been recredited by the NAAC in 2023, with an 'A' grade. All its engineering and technology programs are also approved by the AICTE. Currently, the LNMIIT is undergoing a major transformation under the 5-Year Initiative named the 'Mission Quantum Leap'. As one of its elements, the Institute is in the process of creating the 'LNMIIT International Center for Artificial Intelligence' (LICA). This centre, along with other existing multi-disciplinary centres of research and development, aims to attract some of the best minds in order to further enrich the research and innovation-driven ecosystem of the Institute that focuses on carrying out advanced and purposive research programs.

## Major Topics

- ❖ Indian Research Information Network System (IRINS)
